RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

This is responsive to the Office Action mailed June 28, 2006, having a shortened period for response set to expire on July 28, 2006, the following remarks are provided.

I. Provisional Election of Claims Pursuant to 37 CFR §1.142

Applicants provisionally elect Species I, drawn to claims 1-14 in response to the preliminary restriction requirement set forth in the Office Action.

II. Applicants Traverse the Requirement

Insofar as Species II and III is concerned, it is believed that claims 15-59 are so closely related to elected claims 1-14 that they should remain in the same application to avoid imposing any undue burden, expense, and delay on the Applicants in preserving the invention recited in claims 1-14. The elected claims 1-14 are directed to a double-sided light emitting device while claims 15-59 are also drawn to a double-sided light emitting device. There have been no references cited to show any necessity for requiring restriction and, in fact, it is believed that the Examiner would find references containing all the device claims in the same field of technology.
